Community Forum on AIDS (CFA) formed in December 2011

At the meeting of the Hong Kong Advisory Council on AIDS (ACA) held on 3.10.11, the continued adoption of a two-tier system of interaction under which the Community Forum on AIDS (CFA) is formed under the ACA in its new term of office from 2011 to 2014 was agreed in the light of the views collected in the survey from CFA members who considered CFA a valuable and effective platform for two-way communication between ACA and frontline HIV/AIDS service delivery organizations, workers and communities, as well as a neutral body to coordinate agencies working on HIV prevention and care and promoting acceptance of people living with HIV/AIDS.

Taking into account the experience and evaluation of the work of CFA in the previous terms, the objectives and terms of reference of CFA be maintained as follows:

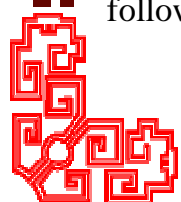

Objectives of CFA

- (i) to enhance the quality of HIV prevention and care activities in Hong Kong; and
- (ii) to promote acceptance of those infected and affected by HIV/AIDS.

Terms of reference

- ✧ enhance communication between the ACA and frontline HIV/AIDS service delivery organizations and workers;
- ✧ examine needs and identify gaps in the community;
- ✧ recommend measures conducive to promoting acceptance of people living with HIV/AIDS;
- ✧ provide a platform for collaboration in combating HIV/AIDS epidemic;
- ✧ enhance the quality of HIV/AIDS service through development of best practices and indicators; and
